

Nevada State Board of Medical Examiners

Press Release – December 16, 2005

**NEVADA STATE BOARD OF MEDICAL EXAMINERS
SUMMARILY SUSPENDS LICENSE OF
PRACTITIONER OF RESPIRATORY CARE
AT EMERGENCY MEETING**

At an emergency Board meeting on December 15, 2005, the Nevada State Board of Medical Examiners summarily suspended the license to practice respiratory care of Daniel Figlio, C.R.T., a Las Vegas resident.

On December 14, 2005, a complaint was filed against Mr. Figlio, charging him with a violation of NAC 630.540(11), for being convicted of a felony, for an offense which involved moral turpitude, and for an offense that was related to the practice of respiratory care. In the summary suspension, the Board found that the continued practice of respiratory care by Mr. Figlio during the pendency of time necessary for a hearing on this complaint would pose an imminent risk to the health, safety and welfare of the public.
